

What's New

izzit.org has an amazing year planned! Make sure you know about everything we offer. Be sure to check out our new [contests](#) (and prizes)! Don't miss out on a single teachable moment with our [Teaching Resources](#), and don't forget that **students can take quizzes** on each video. We'll even grade them for you! (It doesn't get much better than that, does it?) We have another surprise up our sleeve for later in the year, too, so make sure you [Keep in Touch](#).

Streaming

[Streaming](#) is available to everyone, whether you're an educator, parent, grandparent or student. Click on one of these titles [and start streaming now!](#)

Download

Need an izzit.org program where you may have a spotty internet connection? No problem, because you can [download](#) an unlimited number of our licensed videos and take them wherever you want!

Quizzes

Flipped classroom? Checking for comprehension? Either way, our [quizzes](#) are a great indicator for seeing how much of our programs and lessons your students understood. The grades are automatically calculated! Easy peasy!

Resources

You probably already know that we're more than just educational videos. But don't take our word for it. Visit the [Teachers Guides](#), [Table of Contents](#), and [Teaching Resources](#) to see for yourself.

Standard Alignment

Take the guesswork out of which standards our teaching units cover with the [Standard Alignment Tool](#). Whether you're using Common Core or some other standards, you can search based on your state's standards. We know it's a hassle, that's why we took care of it for you!

Substitute Teacher Plans

Need a quick activity for a sub? We've got you covered there, too! All you have to do is print our plans and materials, leave them for the sub along with the video (which they can also stream without logging in to [izzit.org!](http://izzit.org)), and you're good to go, knowing that your students are going to do something worthwhile in your absence.

Current Events

Why shuffle through endless (and possibly fake) news articles for your [Current Events](#) lesson, when we do it for you? This free service includes two daily articles, along with discussion questions to promote critical thinking and generate an engaging classroom discussion.

DVDs

Still like to hold that physical DVD in your hand? We've got you covered, too. Verified U.S. educators can get 1 free DVD every year, just for logging in and giving us some feedback! Not an educator, or want more than one DVD per year? [We'd be delighted to have you buy some!](#)

New Releases

We have a big year planned with 6 new releases waiting to make their way in to your classroom. Keep in Touch so we can let you know when they release.

Hands down the easiest way to stay up to date on what's going on at izzit.org. Oh, and we also give away free stuff sometimes. Don't miss out!
